

1. Should trail capacity within Folsom Lake SRA be:

- **Reduced**
- **Maintained at current levels**
- **Moderately increased (i.e. focus on enhancement and expansion of existing facilities with only a few new facilities)**
- **Significantly increased (i.e. major expansions to existing facilities and/or major new facilities)**

2. If new facilities are provided, what type of trail facilities should be provided. (Write in a number between 1 (high) and 4 (low) to indicate priority)?

- **Multi-use trails**
- **Equestrian/pedestrian trails**
- **Class I paved bike paths**
- **Mountain bike trails**
- **Interpretive Trails**
- **Trailheads**
- **Signs/information kiosks**
- **Restrooms**
- **Drinking Water**

3. Which existing trail facilities should be enhanced or expanded?

4. Which alternative most closely resembles your vision for trail facilities within the SRA?

*** Alternative 1**

*** Alternative 2**
